01 — WHO WE ARE

Three decades of industrial supply.

KAFI GROUP for Trading & Industrial Supplies is a well-established Saudi company, founded in Al Jubail in 1990 and serving the Kingdom's industrial heart ever since.

Since our founding, we have been a key player in the industrial construction and supply sector — delivering high-quality goods and services to plants, factories and maintenance operations across Jubail Industrial City and the Eastern Province. Our extensive experience and successful track record across diverse projects have established us as a trusted supplier and support partner to the Kingdom's largest industries.

As a family-owned business, we value long-term relationships and strive for mutual growth. Our team — management, supervisory, QA and warehouse staff — ensures every order, from a single fastener to a bulk offshore consignment, is handled with precision and meets buyer specifications, industry standards and client expectations.

We treat every delivery as a commitment: **the right material, on specification, on time.**

Why KAFI GROUP OUR STRENGTHS

Global Sourcing & Scale

Partnerships with top mills and manufacturers worldwide — offshore consignments, bulk orders and urgent requirements at competitive prices.

Local Stock — Jubail

Service centers and warehousing minutes from the Kingdom's largest industrial complexes, minimizing lead times on every order.

Documented Quality

Dedicated QA staff ensure every item meets buyer specifications and industry standards — with material certificates on demand.

Delivery Discipline

We treat deadlines as contractual commitments — because a delayed supply means a delayed project for our clients.

04 — TRACK RECORD

Clients & vendor registrations.

We proudly serve the energy, petrochemical, mining and construction sectors — as a registered, approved vendor with the Kingdom's largest companies.

— Our Locations TWO SITES — AL JUBAIL

We operate from two sites in Al Jubail: our showroom and head office in the city center, and our main operations site in Al Uraifi — home to the main warehouse, material stock and the fabrication workshop. Material is drawn, prepared and dispatched from one place with no hand-offs between sites, and our proximity to the Kingdom's largest industrial complexes cuts cost and lead time for our clients.
